MONDAY 14 DEC –
THURSDAY 17 DEC

Law Centres Network Annual Conference 2020

ACTIVIST LAWYERS IN A CHANGING WORLD

ONLINE
CONFERENCE

Over the last 40+ years the annual Law Centre conference has been the main event for Law Centres – a chance for friends to come together to reflect on what has been achieved, consider new ideas, and learn together from our past so that we can shape our future.

2020 is a year like no other. It has been shocking and, at times, even exciting. Many Law Centre communities are those that have been hardest hit by the virus. Lawyers have been under attack for doing what they must – defending the rights of local people, speaking truth to power.

We are all exhausted by this year. Nevertheless, as it ends, let's come together in a new way. The conference will still be Law Centres together, with our friends, holding each other tight as best we can.

So please join us online, in a pick-and-mix conference from 14-17 December 2020, to see out this extraordinary year and hope for a better 2021. There will be thought-provoking plenary sessions with speakers from around the world, feisty debates, experts providing updates, engaging workshops, networking opportunities, and even a chance to have some fun.
